Product Overview

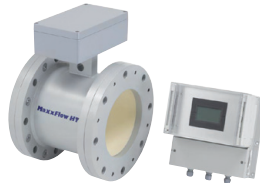

Manufactured by  Superior with Solids
SWR

SolidFlow 2.0

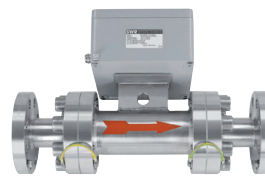

Solids Flowmeter for Free Fall or Dilute-phase Conveying

MaxxFlow HTC

Solids Flowmeter for High Flow Rates (10-500 tph)

DensFlow

Solids Flowmeter for Dense-phase Conveying

SlideControl

Solids Flow Monitoring on Air Slides

FlowJam A

Solids Flow Monitoring for Hose Lines

FlowJam S

Solids Flow/No Flow and Trending

FlowJam Plus

Solids Flow/No Flow and Empty/Blockage Detection

SpeedFlow

Velocity Measurement for Solids

ProSens

Dust Concentration Measurement (mg/m³)

PicoFlow

Continuous Flow Measurement at Low Solid/Air Ratios

Dusty

Broken Bag Detection

AirSafe

Continuous Ambient Air Dust Monitoring

ProGap

Microwave Point Level Switch

ProGap S

Microwave Point Level Switch with Remote Electronics

M-Sens 2

Continuous Online Moisture Meter for Solids

3D Level Scanner

Continuous Level & Volume Measurement
