

AI-TE K (SC, NC, VA)

Analog and digital tachometers, passive, active and bi directional magnetic pickups, low speed switches, split and solid gears (Stocked in Fort Mill, SC)

BABBITT INTERNATIONAL, INC (SC, NC)

Point & continuous level systems for liquids, slurries and granular, interface and dust monitoring.

BLH NOBEL (SC, NC, VA)

High performance and high accuracy weighing and batching systems for the process industry. Web tension, Roll force and Reel optimization.

CONTROL INSTRUMENTS (SC, NC, VA)

Hazardous and toxic gas detection systems for area and process monitoring as well as BTU and VOC analyzers.

DE NORA (SC, NC)

Chemical analyzers, controllers, gas feed and safety shutdown systems, UV disinfection and Sodium Hypochlorite generators.

FLOW TECHNOLOGY (SC, NC)

Turbine flowmeters for liquid, gas and cryogenic service. Positive displacement, In-line & Clamp-on Ultrasonic and electromagnetic flowmeters.

FLOWLINE (SC, NC, VA)

Solutions in level and flow measurements for continuous indication and control. Technologies include: ultrasonic, float, pressure, vibration, buoyancy, capacitance, and thermal.

GEORG FISCHER SIGNET (SC, NC, VA)

Signet measurements, controllers and valves for pH, ORP, turbidity, conductivity, resistivity.

GLOBAL TECHNOLOGY SYSTEMS (SC, NC)

Microwave and electromagnetic mass flowmeters for solids in free-fall or dilute/dense phase conveying and triboelectric dust monitoring.

HAWK (SC, NC)

Non-contact level and flow measurements for liquid solids, and positioning with high powered acoustic wave, sonar, radar and laser.

HEAT TRACE PRODUCTS (SC, NC, VA)

Self regulating heat trace cables and accessories for freeze protection and process temperature maintenance.

JFLOW

Offers complete solutions for all of your valve needs. Whether standard or custom, we can help with your valve and automation accessories. They offer a valve sizing program, a product configurator and expert engineering and sales staff to help you specify the right valve for your specifications.

KLAY-INSTRUMENTS (SC, NC, VA)

All stainless pressure, differential pressure and level transmitters for all industries. Submersible level and Sanitary grade pressure transmitter.

Lord & Company
INDUSTRIAL AUTOMATION

LORD & COMPANY, INC (SC, NC, VA)

PLC programming, UL panel fab., SCADA documentation, upgrades/migration, design-build training, critical mgt., HMI, cloud-based monitoring.

MAGNETROL

Leading manufacturer of level & flow controls. All markets in VA. Municipal markets only in NC & SC.

MOORE INDUSTRIES (SC, NC)

Signal converters, isolators, alarm trips, temperature transmitters & Assy, SIL functional safety products, and remote I/O system.

ORION

Magnetic level indicators, level transmitters, and level switches. All markets in VA. Municipal markets only in NC & SC.

PRECISION DIGITAL (SC, NC, VA)

Universal process meters, loop-powered meters and totalizers, Modbus scanners, Wireless Telemetry, Controllers, and Annunciators.

PULSAR MEASUREMENT (SC, NC)

Primarily non-contact flow & level measurement solutions for water, wastewater, and industrial process applications.

SAGE METERING, INC. (SC, NC, VA)

Precision in-line and insertion thermal mass gas flow meters with in-situ calibration verification.

SEAMETRICS (SC, NC, VA)

Flow meters and environmental sensors for precision fluid measurements.

TRICOR (SC, NC, VA)

Classic, pro, and specialty series high precision, repeatable and reliable Coriolis Mass Flow meters for liquid and gas applications.

UNITED PROCESS CONTROLS (SC, NC, VA)

Zirconium based in-situ oxygen trim sensors. Gas flow meters, gas flow controllers, combustion and gas mixing instrumentation.

ULTRA ENERGY/WEED INSTRUMENT (SC, NC)

Industrial/sanitary RTDs, T/Cs, thermowells and transmitters. HVAC temperature sensors, custom temperature sensors.

VALMET (SC, NC, VA)

Consistency measurements: Valmet and Kajanni products Shearforce, microwave, rotary, microwave & optical technologies.

WALCHEM (SC, NC, VA)

Leading manufacturer of on-line analytical instruments and electronic metering pumps. (Stocked in Fort Mill, SC)

WILLIAMSON (SC, NC)

Non-Contact: single, dual and multi-wavelength infrared pyrometers with fiber-optic, visual, laser aiming and operator interface options.

MacGuire & Crawford

INSTRUMENTATION & CONTROLS

ANALYTICAL INSTRUMENTS

- Control Instruments
- DeNora
- GF Signet
- GTS
- Walchem

COMBUSTION OPTIMIZATION

- United Process Controls

CONSISTENCY/TOTAL SOLIDS MEASUREMENT

- Valmet

CONTROLLERS

- GF Signet
- Moore Industries
- Precision Digital
- Walchem

FLOW CONTROLS (VOLUME/MASS)

- Flow Technology, Inc.
- GF Signet
- GTS
- Hawk
- Magnetrol*
- Pulsar Measurement
- Sage Metering
- Seametrics
- Tricor
- JFlow

FORCE AND WEB TENSION

- BLH Nobel

GAS DETECTION (PROCESS & AREA)

- Control Instruments

GAUGES

- ESP
- Terice

HEAT TRACE

- Heat Trace Products

INTERFACE SOLUTIONS/ DIGITAL INDICATORS

- Moore Industries
- Precision Digital

LEVEL CONTROLS (LIQUIDS & SOLIDS)

- Babbitt International
- Flowline
- GF Signet
- GTS
- Hawk
- Klay-Instruments
- Magnetrol*
- Orion*
- Pulsar Measurement

PRESSURE

- GF Signet
- Klay-Instruments

PROCESS WEIGHING

- BLH Nobel

SIGNAL CONDITIONERS

- Moore Industries

SPEED SENSORS & TACHOMETERS

- AI-Tek Instruments

SYSTEM INTEGRATION

- Lord & Company (CSIA Certified)

TEMPERATURE (CONTACT/NON-CONTACT)

- GF Signet
- Moore Industries
- Ultra Energy / Weed Instrument
- Williamson

WATER TREATMENT

- De Nora
- GF Signet
- Walchem

WIRELESS TELEMETRY

- Precision Digital

*All markets in VA. Municipal markets only in NC & SC.
